

CURRICULUM CORRELATIONS

NEW ZEALAND

World Book's *Dinosaurs!* series meets the following requirements for Levels 3 through 6 in *The New Zealand Curriculum*.

- Explain how we know that some living things from the past are now extinct.
- Explore how the groups of living things we have in the world have changed over long periods of time.
- Explain how living things are suited to their particular habitat.

Paleontologist Fernando Novas of Argentina stands next to a fossil thighbone of the giant sauropod *Antarctosaurus* (above). A reconstruction of a *Diplodocus* skeleton (opposite), dominates the Central Hall of the Natural History Museum in London.
